Intro:

If heads only knew!

Verse 1:

I make music of murder and mayhem for all of them
And murder ballads for sweet chariots
My second return like a unstoppable bullet
With wings my ears ring your name when you speak of
me in vein
Enter the center like a big bread winner
So l.o.d. can eat that ass up for dinner
I come with high potent deadly quotin'
Avenue corrodin' street life shit to get you open
Niggas pullin' stunts like jackie chan
Not knowin' that they fuckin' with the demolition man
I'm seen on screens and magazines
Pump, pump (don't sleep) but peace to queens
I hollar allah u akhbar my peeps hold me down
In the roughest pair of timbs that ever touched the
ground
Huhh hows about a broken jaw
It's keith murray and I'm comin' in with the raw
metaphors

Hook:

When I'm alone in my room
Sometimes I stare at the wall
And in the back of my mind
I hear my conscience call
Keith murray

Redman:

Rock, rock on

Keith murray:

Original rules, original rules, original rules x2

Verse 2:

Now heere we go again soundin' crazy but it's
contagious
The sickest entertainer puttin' your brain though

strainers

We smokes the choc', don't be afraid of the dark
Mentals get hit brain cells spark
Pappers swear they got the dopest jam on the shelf
But they don't believe that shit they own goddamn self
Last year I was underrated but I stay dedicated
I'm so dedicated I close my eyes I'm incarcerated
Niggas was amazed at the shit you was kickin'
But all you did was adobo the chicken
I'm taking over like the psychic network
I got the drop on all you niggas out there claimin' that
you do dirt
But the truth hurts and it kills you to listen
Like the sound of hollow point tip bullets whistlin'
Every little breath you take
Every little gesture you make
Every little jack you fake
I be the expert mic gladiator
Pop shit on records I'll cut your fingers off later

Hook x2

Verse 3:

Pump the new smash platinum single the thug star
spangled banner
Illustratin' grammar in a hostile manner
Texas chainsaw cuts hard to the core
Makin' sure they don't try to battle me no more
You seem to believe all you need is a rhyme and a
dream
To defeat the all time great microphone supreme
But wake up 'cause you playin' with the game of death
I'll smoke your body ashes in a blunt and leave no
evidence left
Straight ashes ashes, dust to dust
I got you in my clutch there's nothing further more to
discuss
And it's scary though when the eeriest voice on the
radio
Is in your hometown doin' the show
With the technique that I'm usin' choosin'
Abusin'
Got more flow than d'angelo crusin'
With poisonous venom oh my God I get in em'
Turn 'em out give 'em something good to talk about
