She looks like a  
She looks like a

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar

Heya love love, you little fly lady bug  
Come and swing this episode wit more from up above  
With them Earl Jeans on fitting tight like a glove  
You little Cinammon Toast Crunch, come show me  
some love  
Slim goodie got tittle litties  
Yeah, but she's a picture post card pretty fat kitty little  
bitty  
You're provoking me, giving me the notions  
To make me wanna lick your funky emotions

She can make a crippled man walk and a blind man see  
How can I put this?  
She can make the Grinch love Christmas  
How can I manifest her uniqueness in vernacular?  
Like a chocolate candi bar  
Yeah that describes her

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star

Like a chocolate candi bar  
She looks like a

I seen her at the park on the black top watching the kids  
play  
Hey style complimented the sunny day  
There's a mild nature about her  
Gentle but firm for all the bullshit life brought her way  
You reflected beauty of a starless night by far  
Like Billy Joel said, "I take you just the way you are"  
I had a crush on you since the days of love tap  
Karate shoes you had jelly cornrows with the peas in  
the back

I knew you'd grow to be a fine specimen someday  
You the very inspiration for the song I sing  
The way you sprint the runway and scale the catwalk  
Your life is a movie and the camera's never off  
It's like love at first taste, coming deep from within  
From your DNA structure to your whole body ova  
Your beauty is respected in the eye of the beholder  
I love that little chocolate bar tattered on your shoulder

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar  
She looks like a

Oh yeah, the time is now and the place is here  
So come a little closer let me kick it in your ear  
And share this wit you girl you super official  
I just wanna bite you girl you look good like a Snickers  
Ooh la la, ah wee wee  
Walking by looking all like I ecstasy  
Got doe ma didn't know, good gracious alive  
Aw shuck now, there she go

Hey yo, come and rest your feet my little chocolate  
soufflet  
I know you're tired you been running through my mind  
all day  
And oh my goodness, can I get a witness?  
This roundy brownie is something to see  
I never had a craving like this before, I'm addicted  
Lord have mercy, please give me strength

Dark, rich and thick like a fresh baked cake  
Just thinking of your shape girl I catch a tooth ache

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar

She looks like a movie star  
Like a chocolate candi bar  
She looks like a movie star  
Like a chocolate candi bar  
She looks like a

We just buggin' out a little bit  
Showing versatility  
Yeah  
She looks like a  
She looks like a
