You can tell by the way she walk, she got that dope  
She got me dope  
Hey girl where you going?  
I'm going, hey girl  
And every time she do it  
Man, she got me

Just looking at your lips and hips before I even kiss  
them  
Just know we gonna ah, I can feel you on my system  
She , giggeling, wiggle for me a little  
We can do it doggy style, let me eat my bits and  
kibbles  
Rejuvenating, invigorating, intoxicating  
Just watching your booty hot, got me hallucinating  
You go fuck around and kill me, I got indulge and  
moderation  
She like blunts and rotation  
Fuck rehabilitation, fuck the damsel in distress, in  
spandex  
I love it when we sexing, but when we don't I'm  
depressing  
Going through withdraws, ,nauseous,  
Cause girl you're a dope and I'm hooked like the  
chorus, yeah

Girl every time you make it bounce, make it bounce  
I swear you make me wanna buy an ounce  
And when you make it kiss the ground  
You make a nigger wanna buy the pound  
Your dope, dope, I need it, that dope, dope  
I want your, your dope, I need it  
That dope, dope, oh yeah, yeah  
Your dope, dope, I want it,  
Your dope, dope, I need it, that dope, dope

I stay up in the club, cause it's ,  
Your body is a conquest girl, I'ma pursue it  
With my sex pistol, murda I'ma do it  
That ass shot Cupid, she said , stupid  
Fuck them down boot camp click we can do this

For back shots Shawty, your back been recruited  
Use, to protect body fluids  
It's bedroom action that ain't nothing to fool with  
No excuses excuses, pardon my rudeness miss  
But I smoke that, cause you got a , with a juicy produce

Girl every time you make it bounce, make it bounce  
I swear you make me wanna buy an ounce  
And when you make it kiss the ground  
You make a nigger wanna buy the pound  
Your dope, dope, I need it, that dope, dope  
I want your, your dope, I need it  
That dope, dope, oh yeah, yeah  
Your dope, dope, I want it,  
Your dope, dope, I need it, that dope, dope

She's a whole another monster,  
Different kind of hot, I love every bone in her body  
including mine  
Her smell travel through my nostrils, down my  
esophagus  
In my blood stream, releasing dopamine, explosions  
She got the scene feeling all,  
Turn a man into a dope fiend, from a cakeaholic  
I never had a feeling, quite this familiar  
Cause girl you're dope, and your body's power ,  
Yeah, and when we start mingling, I can feel my veins  
start tingling  
And I want you in my system, you are the drug I wanna  
hit from yeah

Girl every time you make it bounce, make it bounce  
I swear you make me wanna buy an ounce  
And when you make it kiss the ground  
You make a nigger wanna buy the pound  
Your dope, dope, I need it, that dope, dope  
I want your, your dope, I need it  
That dope, dope, oh yeah, yeah  
Your dope, dope, I want it,  
Your dope, dope, I need it, that dope, dope.
