I'm incredible, I mix up shit like cake mix  
Keep it blazin' hot, rhymes burn to keep you frost bit  
MC's is assed-out 'cause they lost it  
Peep my foundation, the way I reinforce it

I monitor movements, precisely  
Makin' niggas hit high notes, like the Easley's  
Finally, some asses I can touch up  
Tie 'em to the grill of my six, pop the clutch up

Hush up, I rush up, inside your cut  
Make you puss up, then bust up, 'cause my shit bumps  
This Don's Trumps, kill straight cats and all chumps  
'Cause life is like a box of chocolate, Mr. Gump

Uh, the ultimatum, lets abbreviate 'em  
LL platinum again, don't you hate 'em?  
A thin line between darkness and sunshine  
Five percenters that was raised on swine

Known to be wise, and you wise to understand  
Bringin' me drama's a handstand in quicksand  
I've been hot so long, I'm immune  
Your rap career get cut short like poom-pooms

Now, from the streets to the suites and all around the  
world  
They all recognize we incredible  
We can stand in the water and can't get wet  
You can bet your last dollar we incredible

We gets it on in the worst way  
All the homeboys and the girls say we incredible  
From one brother to another  
They agree with each other, lyrically we both incredible

Adios, mios, Montageune  
We're too hot to hold and too bold to be controlled  
Roodies skin-deep, my ugly comes from the soul  
I find the leaks, and E plug the holes

I have more beef than fillet mignon

But got smart, and flushed the bullshit down the como  
Rappers just started rappin' last week, get a deal next  
week  
And go platinum next month

But pass the blunt, so I can stay hy-like-dro  
Don't act like you don't know, I'm 'bout to fly a flow  
I'm three from three from a three-point land  
With more devastation than a nigga can withstand

Remember me? Untouched by any emcee  
I add verbal assault to your mental injury  
'Cause I'm the vogit, toat it, quote it  
Five O said freeze, man I blowed it

Rhyme strategies, no one's bad as this  
I sew up the populace like a seamstress  
A prisoner, doing time and the bit  
A grown man, and don't play with no kids 'cause I'm  
incredible

Now, from the streets to the suites and all around the  
world  
They all recognize we incredible  
We can stand in the water and can't get wet  
You can bet your last dollar we incredible

We gets it on in the worst way  
All the homeboys and the girls say we incredible  
From one brother to another  
They agree with each other, lyrically we both incredible

Incredible, lyrically we are both incredible  
Incredible, incredible
