Ride with me, yeah yeah, ride with me  
Roll down your windows and ride with me ride with us,  
yeah  
Bitch ride with us, yeah, ride with us  
Roll up your windows and ride with us

Lets smoke this Oakland indoe  
Don't roll down the window start the car we ain't going  
too far  
You know that big bootied girl you always fuckin' with  
She got a sister I really wanna get

Some Georgia girls from college park  
You already fucked when we get that started off  
Park in the driveway, it wont take long  
Do it like that it goes on and on

You know this the kind of shit I know you want  
E made the beat let me show you somethin'  
Quite a few haters want to see us played out  
But we got the formula to get payed now

You can't stand in the way of success  
We got the same job but you make much less  
I remember how it used to be, before we had crack  
If you had a few hundred in your pocket that was fat

If you feel like smokin' then ride with us  
Hop the train with no token bitch ride with us  
And if you don't give a fuck then ride with us  
Roll down your windows and ride with us

And if you got five on it then ride with us  
And if you ain't fake niggas then ride with us  
And if your crew pull triggas then ride with us  
Roll up your windows and ride with us

Aiyyo, I lick two shots thats heard all around the world  
Check how a forty and a blunt can take a nigga girl  
Like E.F. huntin', don't say nothin', I'm hauntin'  
On the microphone it's the eve of destruction

As the world goes around like passion  
You get flattened in an orderly fashion  
You was warned like a comin' attraction  
I got playa hated, felt liberated

Put him on the burner 'cause the nigga violated  
We scamper like guard dogs through the fog  
If you feel like you wanna hop, leap like a frog  
The sergeant general get busy chief  
The fastest way to spell rhyme relief is Keith

I leave you assed out like a cocaine drought  
Hey yo can I get a witness like Andre Krouch  
Niggas need to stop frontin', bitches need to stop  
stuntin'  
'Cause they know fuck well they can't stop my  
production

If you feel like smokin' then ride with us  
Hop the train with no token then ride with us  
And if you don't give a fuck then ride with us  
Roll down your windows and ride with us

And if you got five on it then ride with us  
And if you ain't fake niggas then ride with us  
And if your crew pull triggas then ride with us  
Roll up your windows and ride with us

Aiyyo, I got the forty acres without the fuckin' mule  
Doc Ike Turner givin' mics audio abuse  
I smack a big mouth bitch, and her babysitter  
And her lesbian friend, and that nigga with her

I don't give a fuck, I smack blood out a midget  
My tactics make evil D say come on kick it  
A black five with rims, what you can spot me in  
Wanna die I snatch you like doc Kevokian

So turn the beat up while narcs got me on sweep up  
Im lucky I usually tote more gunz than Peter  
I fuck you up to where your forehead will cut meat up  
You wanna box, I square more than Matt Asenerina

Backstabbing bitches and niggas eat a dick  
'Cause you never heard the doc do nothin' like this  
Backstabbin' bitches and niggas eat a dick  
'Cause you never heard the doc do nothin' like this

If you feel like smokin' then ride with us  
Hop the train with no token bitch ride with us  
And if you don't give a fuck then ride with us

Roll down your windows and ride with us

And if you got five on it then ride with us  
And if you ain't fake niggas then ride with us  
And if your crew pull triggas then ride with us  
Roll up your windows and ride with us

Come on ride with is us, ride with us  
Come on ride with is us, ride with us  
Come on ride with is us, ride with us
