Ayo, I can't hold it in, I gotta let it out
Girl, I take your love to the head without a doubt
Listen baby, do you think you ready for the action?
I give chicks 'Butterflies' like Michael Jackson

I'm so immaculate, there's no equivalence
Traacherous, imperial, impertinent, impetuous
Come a little closer, let me kick it in your ear
Keith Murray, Kelly Price, take this to the head, yeah

Stepped in the room, I saw you
Instantly knew I had to
Present my game and keep it cool

Wanted so much to kiss you
To let you know I miss you
I just laid back and let you move
But you keep

Frontin' like you don't want me
And actin' like you don't need me
But it's okay 'cos that's just your way

There's a physical attraction
Cause a chemical reaction
So come on, boy, inhale, exhale

Breathe it in, breathe it out
Flyin' high ain't no doubt
I take it to the head yo' love

On a ride, in the clouds
Feelin' good, won't come down
I take it to the head yo' love

The time is right for romance
And I want you for my man
I know you want me for your girl, baby

Baby, I know you're willing
So let's not fight the feeling

Give it to me and rock my world
But still you keep

Frontin' like you don't want me
And actin' like you don't need me
But it's okay 'cos that's just your way

There's a physical attraction
Cause a chemical reaction
So come on, boy, inhale, exhale

Breathe it in, breathe it out
Flyin' high ain't no doubt
I take it to the head yo' love

On a ride, in the clouds
Feelin' good, won't come down
I take it to the head yo' love

Don't have to feel you
Just when I'm near where are you at
I get a contact, got my head spinnin'
I'm in whirlwind of your love
And it's got me all choked up

Yeah, you off the hook, rock you bananas tonight
I gotta push up 'cos that thing look right
Oh no, say it ain't true, say it ain't so
You frontin' on your man Murray, that's aight though

[Incomprehensible] got a cutter
Ripped a monkey *** like a hot knife rippin' through
butter
Don't let nobody tell you different, you and I was meant
to be
Gettin' busy most beautifully

I shall until I succeed
To spoon feed y'all and give you exactly what you need
So don't cheat yourself, treat yourself
And put that playa cool attitude up on the shelf and

Relax yourself and respect yourself and
Protect yourself and respect yourself
There's nothin' further more to discuss
Take this to the head and feel the rush

Breathe it in, breathe it out
Flyin' high ain't no doubt
I take it to the head yo' love

On a ride, in the clouds
Feelin' good, won't come down
I take it to the head yo' love

Breathe it in, breathe it out
Flyin' high ain't no doubt
I take it to the head yo' love
On a ride, in the clouds
Feelin' good, won't come down
