Life has stabbed you in the back  
Retaliate  
In violent ecstasy  
Swift, vengeful hate  
Their blood shall stain your pores  
Microscopic ingestion of disease  
Which you've harbored since birth  
Unwittingly the suffering  
Everyday life-a virus  
Condemn the molesters  
Of fraudulent morality  
Everyone deserves to die

Deny them life  
Dead shall be their families  
Beheaded shall be their loved ones  
Impotent lies shells of men  
In our failed attempt at humanity  
Animal parts still sold to vanity  
We were destined-it had to be  
Flashbomb the general public

As if roadkill, we crisp and peel and flake away  
No longer perishable  
Adoration for man's expiration  
Pain  
Disease  
Ignorance  
Extinction of man  
And peace on earth

Revenge  
For our nature of decadence  
Revenge  
Decimation and pestilence

Extreme holocaust of the peoples  
The unbiased hand of death  
Resetting an evolution  
Reversed big-bang conclusion  
You are the disease  
Your existence is cancer

Ecological tumor  
A disgrace to the earth

Deserving of pain  
Deserving of euthanasia  
100 billion can't be wrong  
or so says the golden calf

Visualize nonexistence
