There are corners of this world that should not be
explored

There are needles hidden in the candy

It all starts with a life

Transformed by a knife

Into food not fit for dogs

Ignorance is death

And in this life you've been victimized

Your American mind

Materialized

We get what we want when we want it.

Consumer's head becomes trash receptable

Cycle of human spawned hell defecating back into its
face

You're as unclean as the meat in your bowels

Picked up off the floor and brushed off to find a home
in your intestinal tract

All your life you never knew what went into the meat

As good as any roadkill you'll find in the street

They made that shit from discarded bits of snouts and
lips

Rat feces swept from the rafters now food in the
hereafter

Ah your ignorance astounds me

No rhyme. No reason. No boundary to how insane we
have become

The juice off the floor becomes an additive

A waste bin of gore thown in for shits and giggles

Helpless heap at the mercy of some freak

Some fuck in charge of decontaminating the meat

Who wipes his ass without washing his hands, your
must

understand that everyday you ingest some sort of
disease

You did not kill it.

You did not clean it.
You'd probably fuck it if you couldn't eat it
Sick, Depraved everyday human.
Stupid consumer with faith in humanity
Led without a fight straight to the grave.

Birth. Agony. Death.
Defiled. Processed. Packaged.
Scanned. Purchased. Prepared.
Eaten. Digested. Feces.
