

Cattle Decapitation "Mauled"

An excursion in science
Becomes a bloodbath hosted by nature
A closer look at life
Slashed, dismembered and eaten raw
Feast for the wild
Mauled
Chewed and ripped into fragments
Blunt force facial restructurization
Shoulder to shoulder
Squeezed together
Compound fracture of the torso
Such sites are quite appalling
Stupid humans for the mauling
Us-kill them?
Them-eat us
Stupid humans for the carnage
Mauled
Say goodbye to life
Gutted and defleshed-decapitated
Your insides now displayed
As your larynx is forced shut
Squealing pig
humans for disembowment
stupid humans for the mauling
the carnage, the horror, the mauling
mauled
