Perpetual multiplier
Procreating bastard
Ever had your gonads smashed by a ball-peen
hammer?
Ever been forced into a vasectomy by and axe-wielding
homovore?
Do you know the word pain?
You will when the mallot falls
Again and again and again and again?
I've a shotgun aimed at your testicles
To shred your testes and sever adjacent vesicles
Cold vengeance on a rapist
Immediate testicular shape-shift
Your manhood disintegrates and the stream starts to
flood
A shimmering mix of spermatozoa and blood

Another human off the face of the earth
A new vagina to replace it's absence of girth
It rubs the feces on it's skin
Or else it gets the hammer again?
Torture
Through blunt castration
Slaughter
Repeated testicular emaciation

For your gross misconduct
The tables are rightfully turned
The urethra now a bile duct
The frayed ends of karma are burned
A gaping gash of reproduction
Seminal waste of testosterone that ceases to function
Asexual freak
No longer of the male persuasion
Your miserable heap of disfigurementation
Brings thousands of victims vengeance and elation.
Sulphur and buckshot
Decimating your crotch
