"Destroyers in nature  
It's just the fabric of us, our mistakes feeble-minded  
Moderate to severe - idiocy  
The "most intelligent" creatures on the planet  
An advanced civilization, which says nothing at all...  
Humans  
Like US.  
We, the people  
We, the morons  
Apparently non-educable idiots

We are horrible people

This is a fire  
This is the gasoline  
Insects attract to the flame  
And turn to pitch all the same...

Our presence here threatening  
Habitats de-evolve a mutant parody  
Our hands are hammers the earthen anvil  
All life in between disinterred and destroyed

You looked into the eyes of the beast  
You extended your hand in trust  
It so graciously accepted the fate  
There's no honor in betrayal  
O the savages, the ravagers of the pleading, standing  
there bleeding  
Tears of the innocent - turned into mammalian  
dissidents

We the people we the terrible

The war has been waged  
Us vs. them vs. life vs. cage  
Inherently exiled from a life on an earth abundant with  
prosperity  
O the hearts of men, their blood so thin with original sin  
Tears of the innocent - turned into mammalian  
dissidents

Our presence here threatening  
Habitats de-evolve a mutant parody  
Our hands are hammers the earthen anvil  
All life in between disinterred and destroyed

Destroyers in nature  
It's just the fabric of us, our mistakes feeble-minded

Moderate to severe - idiocy  
The "most intelligent" creatures on the planet  
An advanced civilization, which says nothing at all...  
Humans  
Like US.  
We, the people  
We, the morons  
No single inferior race  
We're all apparently idiots

We, the people, are horrible"
