Now listen to me baby
I keep it on so low
And I whisper to you sister
Now we're all alone
Take no notice of me baby
Like a dream
Gonna keep it quit
So I can hear you scream
Words of wonder
Are the words I wanna hear

I'm sticking to you baby
Until I arrive
I'm half dead, a quarter alive
A little bit is missing
Wonder where it's gone
Pay me no attention
I babble on and on
Words, those words of wonder
Are the words I wanna hear
Those words, the words of wonder
They are the words I wanna hear

Dripping from your lips
Yeah, that's the way it goes
That's the way it comes
Ya' know what I mean
Now that your talkin' to me baby
Still you say that I'm obscene
Words, words of wonder
They are the words I wanna hear
Words, those words of wonder
Are the words I wanna hear

Let me roll it over baby
Now I got to jam it up
Make you weep and moan
Go around the back baby
And make yourself known
The words, these are words of wonder
These are the words you better learn
These are words, these words of wonder

These are words, you ought to know

You been talkin' to me sweetie
You know I babbe on and on
Ooh, I run away my tongue
Giving thanks and praises
Low friends in high places
I'm gonna whisper these words of wonder
