Body

(whisper)

My Body..your body
my body..your body
my body..your body

All over my body girl
All over your body baby
All over my body

All over my body girl

in the middle of the night
when my bodys feelin' for ya baby
I gotta call ya up and let ya know
its what I'm feelin' baby
911-0024 baby isn't it easy to see see I'm
callin' callin',gotta have some more
How would you like if I lay you down
would you like it if I were to sex you down
Cant think about nothing else since you left me with
your love
it ain't no secret girl
your body fills me like a glove

my body all over your body babe
your body all over my body babe
my body all over your body
its your body babe

All over your body girl

my body all over body babe
your body all over my body babe
my body all over your body
its your body babe

ohhh its your body babe
All over your body girl

Wanna fill you up
till your rhythm flows all over me
wanna feel your breast treasure wrapped about the
other tightly
in out I wanna hear you shout!
call me baby let me book you up
I guarantee I'll turn you out!

How would you like if I lay you down
would you like it if I were to sex you down

Baby girl stop frontin'
You want me just like I want you
Never had a lover that would do the things that body
can do!

My body all over your body babe
your body all over my body babe
my body all over your body
its your body babe
All over my body girl

My body all over your body babe
your body all over my body babe
my body all over your body
its your body babe
ohhh its yo
