You know what this is  
And some wild ..  
Now no interruptions no disappearances

i'm start at your kneck and move to your naval  
Baby be cool i got it  
Straight from the bedroom down to kitchen table  
Who can do it like me girl  
Nobody know to feel you up like i do , nobody  
Switch in positions like i do  
I finally got you girl, right where i want you girl  
And ecstasy the .. to take is to another world yeah

Chorus:  
Finally got your way, finally got your way  
I want you baby  
I'll do you where you wanna girl  
to see me you when you wanna ..  
And when we reach our destiny  
And when we reach there baby  
We'll say high, high as the sun  
High as the sun baby, (high as the sun sun )  
High as the sun  
My love is gonna lift you up high as the us yeah

Just take a break for a while as taking you back to the  
room girl  
And girl is like ..ridin oh yeah  
Layin back on .. looking at the way you move  
I'll be none like you girl, nobody ooh oh  
Can fill you up like i do, nobody  
Switch in positions like i do  
Finally got you girl right where i want you girl  
And ecstasy is the battle take you to another world

[Chorus:]

Scream me right there, scream me right there yeah  
yeah  
Baby when we .. this feel for your ..  
Feels like we ..higher the sun

Yeah yeah yeah

[Chorus:]

Sing yeah yea

You'll don't understand no no

How much i feel your love tonight

And reach you baby

High as the sun,

High as the sun

My love is gonna lift you up
