Keith Sweat Feat (silk)

(Rain first 15 SEC of the song)

Umm ohh no no no no no  
(sun shine has gone away)  
Didn't have to get like this baby  
(Nooo my love (OHHHHHH))  
Nothing but rainy days  
Its over now it's all over now

(Verse1):

You want me to ask like nothing never happened  
Baby I wish I could  
But every last situation that arises o honey, remind me  
how you treated me no good (o no baby)  
You told me lies, you, made me cry, now you sigh,  
why? Why? Why? (Played your self baby)  
Why'd you do me wrong?  
Now you miss, what we had  
Its to late O baby  
To you I sing this song.

(Chorus):

Sorry, sorry, babyyyyyy, it's over now you went for  
yours, now I'm going for mine  
Sorry, sorry, babyyyyyy, it's over now you went for  
yours, now I'm going for mine

(Verse 2):

O girl  
I was doing my job, o sugar  
Doing the best for you and I (its OK)  
And even though  
The whole time you was running your own little show  
You must have been the star (you sold out baby)  
You took it to far  
Yea girl  
I spend nights all alone

Couldn't reach, you on the phone my baby  
(tell me where) tell me where were you  
Now you miss, what we had it's to late my baby (say  
you wanna come back) again i sing this song to you  
(No no girl it's not like that)

(Chorus)

Sorry, sorry, babyyyyyy, it's over now you went for  
yours, now I'm going for mine  
Sorry, sorry, babyyyyyy, it's over now you went for  
yours, now I'm going for mine

(Bridge A):

Ohhhhh you played me girl (You played me girl)  
Ohhhhh you ruined a good thing (you led me on)  
Yea girl yes you did (I'm Going For Mine Girl)  
Listen girl you got the best of you  
Now girl we're through tell me girl  
What can I do?

(Chorus)

Sorry, sorry (sorry baby) baby it's over now you went  
for yours now i going for mine (I'm Going for mine)  
Sorry sorry (sorry baby) Baby it's over now you went for  
yours now i going for mine (I'm Going for mine)

(Bridge B):

Why did you have to hurt me girl?  
(why didn't let me know)?  
Why did you have to do me wrong ?  
(why did you do me wrong)?  
I loved you baby ?  
(i loved you baby)  
Now i gotta i gotta sing this song?  
(sunshine has gone away)
