I've always wanted to say it
Cause i always felt it from ym heart
I just didn't want it mess about friendship
Listen

We know each other since we were young so young
That's why you feel you do talk to me
You and me you know we're like family girl
And you've been telling me for so long long
Bout what's been on ..with your man
How he talks to you how he treats you ..
Oh no, she ...,marry on he would know damn good
But all i give in ..ooh no

It's 5 o'clock in the morning
and still ain't your man at home
Just remember every word i've told you
When i said i knew this all along, knew it all along
And i try to be no more ..
I just try to tell you as a friend
So what you really don't know ..
That i love you

And i hope this doesn't change our relationship baby
Baby don't go, 'cause there ain't worth losing a life
long friend
I thought about ti and i just couldn't hold it in
And i know this is a long to take in right now yeah oh
yeah oh yeah yeah
Is just the way that he's been treatin on you i can't take
it no more
She knew, i knew about the ..that man to be hold juust
took your time
He was no damn good no, but i left it there din't want ..
in between

It's 5 o'clock in the morning
And still ain't your man at home
Just remember every word i've told you
When i said i knew this all along, knew it all along
... and i'm just tryin to tell you as a friend

Don't know ..i love you
Baby hope you open your eyes to see
Treat on me for you baby
And i'm never let you hurt you again
You gotta end it baby

2 x

It's 5 o'clock in the morning
And still ain't your man at home
Just remember every word i've told you
When i said i knew this all along, knew it all along
... and i'm just tryin to tell you as a friend
'cause what you really don't know ..
..i love you
