[Keith Sweat]

See I think, this is the right time (baby)  
To call my man Charlie, call my man Charlie, Charlie,  
Charlie, Charlie

[Charlie Wilson]

Woo, where y'all at?  
Baby, baby, ohh

[Intro]

Let's chill  
Come on if you know it, you gotta help me do it  
Ah baby, get your hands up  
Oh, oh, whoa  
Let's chill  
Let's chill, ooh, listen, help me sing it

[Verse 1]

From the first time, I saw your face  
Girl I knew I had to have you  
I wanted to wrap you with, my warm embrace  
Visions of your lovely face  
Help me sing it y'all

[Hook]

All my love is for you (all of my love, just for you)  
Whatever you want I will do (whatever you want, it's you  
and me)  
You're the only one I want in my life (the only one, I  
want in my life)  
For you I'll make that sacrifice oh, oh

[Chorus]

Let's chill (I can't hear you)  
And let's settle down (settle down)  
That's what I wanna do (wanna do)  
Just me and you (hey)  
Let's chill (let's chill)  
And let's settle down (come on baby)  
That's what I wanna do (wanna do)  
Just me and you

[Verse 2]

I'm so happy, to have you here  
Standing right by my side  
Is it a dream (is it a dream), or reality (reality)  
If it's a fantasy, then please don't wake me

[Hook]

All my love is for you (all of my love, just for you)  
Whatever you want I will do (whatever you want, it's you  
and me)  
You're the only one I want in my life (the only one, I  
want in my life)  
For you I'll make that sacrifice oh yeah, yeah oh

[Chorus]

Let's chill (let's chill)  
And let's settle down (settle down)  
That's what I wanna do (wanna do)  
Just me and you  
Let's chill (let's chill)  
And let's settle down (come on baby)  
That's what I wanna do (wanna do)  
Just me and you (let me break it down for you)

[Breakdown]

I want you to be by my side  
Girl I want you to be mine (come on)  
Girl it's no secret  
The way I feel  
All I wanna do is just chill  
Be married for the rest of our lives (throw your hands  
up y'all)  
Baby come on and let's shine (ooh wee)  
Girl it's no secret  
The way I feel (you ooh yeah)  
All I wanna do is just chill

[Chorus]

Let's chill (let's chill)  
And let's settle down (settle down)  
That's what I wanna do (that's what I wanna do)  
Just me and you (just me and you, you and me)  
Let's chill (let's chill)  
And let's settle down (settle down)  
That's what I wanna do (that's what I wanna do)  
Just me and you (me and you, come on y'all)

Forever and ever (ever)  
Ever and ever (ever)  
Ever and ever always (always)

Forever and ever (there'll be nothing more that I wanna do)

Ever and ever (than just to chill with you)

Ever and ever always (you, you, you, Lord have mercy)

Forever and ever (wait a minute, somebody say yeah)

Ever and ever (somebody say yeah)

Ever and ever always (throw your hands in the air, say yeah)

Forever and ever (say yeah)

Ever and ever (say yeah)

Ever and ever always (always, Lord have mercy, good God almighty)

Forever and ever

Ever and ever

Ever and ever always (y'all finna make me clown up here, where's all the ladies)

Forever and ever (ladies)
