Ooh baby, give it to me now, girl

Can't nobody give it out  
For me and you, yeah girl  
I wanna pull down the shades and the lights  
And do what I wanna do to hear it girl  
You can tell me now baby  
I can't keep trying to play nice together  
Oh girl before the night is over  
I bet, I bet I can make you sweat

[[CHORUS]]

You say no, I say yes  
Girl I bet, I can make you sweat  
You say no, I say yes  
Girl I bet, I can make you sweat

I want it right now...

If you let me kiss you here and now  
I'll do anything you want me to  
I wanna drive you wild, baby  
Let me tell you, let me drive you wild, babe

[[CHORUS]]

All alone tonight just me and you  
I wanna do you right  
And baby that's what I wanna do  
Just put your arms in the air  
And I'll kiss you everywhere

[[CHORUS WITH AD LIBS]]

Come on baby  
You're doing something to me baby  
You're doing something right to me baby  
Do you find that you're crazy about me?  
Yes... yes... yes... yes... yes...

Make you sweat all night long, girl  
Just you and me, come on

Just right now baby, do it now  
Come on, come on baby, do it now  
Right now, but it's you, you, you all night long  
Baby there's nobody here but me and you girl  
I wanna do it girl  
I wanna do it, do it, do it, do it with you girl  
Nobody else, nobody but you

(You say no) Don't tell me now  
(Girl I bet) You better tell me now, now baby  
(You say no) Ooh girl, I want it girl, yes  
(Girl I bet) Ooh girl, I want it right now girl
