Never made you cry  
Never told you lies  
I was there when you needed me  
When chips were down  
Who stayed around?  
Better recognize  
Nobody but me  
What size you need?  
Come and let me feed  
You love so we can grow  
So close together, go through any weather  
I only live just to please you  
So stop playin' boo

Cuz I want you  
(There's nothing I won't do)  
Girl I gotta have you  
(I thought you knew)  
How bad I need you  
(And I'll go)  
I'll go that extra mile  
I only live to please you

What must I do  
To prove to you  
That I'm the one  
You should give your love to  
It'd be a mistake  
If you don't take  
All of the love  
That I've tried to give

I'm at your service  
So don't be nervous  
I'll never do any wrong to you  
My only reason  
My only purpose  
On this earth is to please you  
So stop playin' boo

Cuz I want you  
(There's nothing I won't do)

Girl I gotta have you  
(I thought you knew)  
How bad I need you  
(And I'll go)  
I'll go that extra mile  
I only live to please you

My only reason here on this earth  
Is to treat you right  
Make you feel real good  
Just like a woman should  
Let me do my job  
Make your heart throb  
Only for me baby, yeah, yeah, yeah

There's no other purpose that I'm here for

Baby but to love you  
Won't you stop frontin' boo  
Tell me what you gonna do  
Let's stop all this masquerade  
And let's show what you really feel  
I'm the one for you babe  
Now tell me what's the deal  
You better stop playin' boo

Cuz I want you  
(There's nothing I won't do)  
Girl I gotta have you  
(I thought you knew)  
How bad I need you  
(And I'll go)  
I'll go that extra mile  
I only live to please you

Never made you cry  
(Cuz I want you)  
Never told you lies  
Always tried to be there for you  
(Girl I gotta have you)  
When all the chips were down  
(How bad I need you)  
Who stayed around?  
You better recognize  
(I'll go that extra mile)  
(I only live to please you)

Well let me come, let me feed  
Come feed you with my love  
(Cuz I want you)  
Grow close together, through any weather

(Girl I gotta have you)  
Cuz you're all I'm thinkin' of  
What must I do to prove to you  
(How bad I need you)  
That I'm the one for you  
Stop frontin' baby, stop masqueradin'  
(I'll go that extra mile)  
Tell me what you gonna do, oh oh  
(I only live to please you)

Cuz I want you (oh, oh, oh, oh)  
Girl I gotta have you (yeah, yeah, yeah, yeah)  
How bad I need you (mmm)
