(feat. Roger Troutman)

Let me
Go down on you, baby
Girl, why don't you let me
Go down on you, baby

Play it for me one time, Roger
Send me (Send me) I need some lovin' (Some good
lovin') right, right now
Let me in, let me in, let me in
So let me come in (Would you let me come on in)
Let me make it good (Ooh...), let me show you how
Play it for me, Roger, one time

I wanna put your lovin' through the test (Let's get it on,
mmm)
I wanna see how good, good it can get
(With my love, my love, girl, you can't go wrong, oh, no,
baby)
I wanna put your lovin' through the test (Come on,
baby, baby, let's get it on)
I wanna see how good, good it can get (Let me kick this
verse)

Give me your love, baby, mmm
I need right now, right now, baby
Let me come in, baby (Come on in)
I wanna drive, I wanna drive you wild (Let me drive you
wild, let me drive you wild)
Play it for me, Roger, one time

I wanna put your lovin' through the test (I wanna put
your lovin', baby, through my test)
I wanna see how good, good it can get (I wanna see
how good it can get, baby, oh, yeah, baby)
I wanna put your lovin' through the test (I wanna put
your lovin', baby, through my, my, my test)

I wanna see how good, good it can get (I wanna see
how good it's gonna get)

Babe, don't afraid (You don't have to be, no, you don't have to be)
You can have all of me, all of me tonight, baby
I will make it real good, baby
All you gotta do is lay, lay your body down
Come on, baby
All you gotta do, all you gotta do, all you gotta do
Is lay, lay, lay, lay, lay, lay, lay your body down, baby
Come on, come on, baby

I wanna put your lovin' through the test (Tonight your love will be all mine)
(Tonight is gonna be our night)
I wanna see how good (Oh, yeah, babe), good it can get (Tonight your love will be all mine)
(Your love is gonna be all mine tonight)
I wanna put your lovin' (Oh, yeah, sugar) through the test (Tonight is gonna be our night)
I wanna see how good (Come on, baby), good it can get (Tonight is gonna be our night)
(We'll be dippin', dabbin')

I wanna put your lovin' (All night long) through the test (Tonight your love will be all mine, baby)
I wanna see how good (Oh, yes, it will), good it can get (Tonight your love will be all mine)
