You needed to go to let him know right now
'Cuz he don't even know how to make you smile
Y'all don't even makin' love
See it's over baby

He spend all his night at the strip club
When what he got at home girl is real love
I'm nothing like him, you need to leave him
Baby, yeah, yeah, ooh

Go and tell your man that you've found somebody new
Go and tell your man that you've found somebody who
Go and tell your man that you've found somebody
Who can love you better, who can love you better

Go and tell your man that you've found somebody new
Go and tell your man that you've found somebody who
Go and tell your man that you've found somebody
Who can love you better, who can love you better

Don't mean a thing, your house, your car, your ring
That's just material things baby, seems that's what
she's all about
I'll be with you there's no doubt, no baby

And I'll give you every little bit of my love
And I'll give you every part of my life
But you need to leave her, if you are the real one go
and tell your

Go and tell your girl that you've found somebody new
Go and tell your girl that you've found somebody who
Go and tell your girl that you've found somebody
Who can love you better, who can love you better

Go and tell your girl that you've found somebody new
Go and tell your girl that you've found somebody who
Go and tell your girl that you've found somebody
Who can love you better, who can love you better

The feeling's mutual between us
And what we have here is so strong

But I don't wanna put us through this
But if we want real love we gotta do it

My heart is on your line and I'm running out of time
And I don't wanna make myself a victim of this babe
I don't wanna make this harder than it already is
Tell your girl, tell your man

Go and tell your man that you've found somebody new
Go and tell your man that you've found somebody who
Go and tell your man that you've found somebody
Who can love you better, who can love you better

Go and tell your girl that you've found somebody new
Go and tell your girl that you've found somebody who
Go and tell your girl that you've found somebody
Who can love you better, who can love you better

Go and tell your man that you've found somebody new
Go and tell your man that you've found somebody who
Go and tell your man that you've found somebody
Who can love you better, who can love you better

Go and tell your girl that you've found somebody new
Go and tell your girl that you've found somebody who
Go and tell your girl that you've found somebody
Who can love you better, who can love you better

Go and tell your man that you've found somebody new
Go and tell your girl that you've found somebody who
Go and tell your man that you've found somebody
Who can love you better, who can love you better

Who can love you like me, nobody
Nobody, no no nobody, nobody
