Goin Crazy World

By: Keith Urban

I can't fill up my car  
It don't go near as far as it used too!

and this home that I want  
nearly always getting hard to hold onto

and weighs on my mind  
is my job on the line?  
will the light stay on for another day?

oh you keep me sane  
whenever I get this way

cause the one thing I want to believe in the middle of  
all this madness  
cause when you take my hand say I love you forget  
about this sadness

and I thank God every day that your my girl  
cause you make beautiful sense of this goin crazy  
world.

oh I turn CNN on and the wars going strong and it  
scares me  
guess I'm right where they want me to be all afraid for  
my family

and I swear that it feels like I'm chained to a wheel  
and that there's no one on earth who could save me  
then I see your face and I'm touched by grace

cause the one thing I want to believe in the middle of  
all this madness  
cause when you take my hand say I need you and  
forget about this sadness

and I thank God every day that your my girl  
cause you make beautiful sense of this goin crazy

world

Yeah! Goin crazy world

whoa oh oh whoa oh oh

yea yeah!

This goin crazy world

ma ma my my my ma ma my my my

Whoa I never write it down baby  
as long as I see the light

Ain't nothin in this world lift me up like the sight  
of your pretty blue eyes shine'n like stars  
you put me back together when I've been torn apart  
Like a pullin and a tuggin the media is today  
you kiss me on the mouth, it all just fades away.
