Time....stands....still for no one
I know this is true
I've.....been.....stuck here waiting
Then along....came.....you

You gave me back the love I had, the faith I lost, the life
I knew
I wanna thank you for the love that you give me
And the sun that you put in my sky
But you don't know how much you've lifted me up
But I feel so alive....

That I could fly.....
That I could fly.....

There's no way I could have made it this far
with.....out.....you
You came to me just when I needed someone to
believe that I could make....it....through

You gave me back the love I had, the faith I lost, and
the life I knew
I wanna thank you for the love that you give me
And the sun that you put in my sky
Cause you don't know how much you've lifted me up
But I feel so alive....

That I could fly above the clouds
Fly so high we never come down
Just you and I
I'm so in love....
With you.....
With you.....

Yeah...

Yeah I spread my wings....

You gave me back the love I had, the faith I lost, and
the life I knew
I wanna thank you for the love that you give me
And the sun that you put in my sky

You don't know how much you've lifted me up
But I feel so alive.....

I wanna thank you for the love that you give me
And the sun that you put in my sky
And you don't know how much you've lifted me up
But I feel so alive...

That I could fly.....
That I could fly.....
That I could fly.....
I could fly.....

Spread my wings

Let me tell ya
I said i need your loveing
I need your love to
Stay with me baby

Oh I need your loveing
I need your love to
Stay with me baby

Oh I need your loveing
I need your love to
Stay with me baby

Yeah I need your loveing
I need your love to
Stay with me honey baby
Come on down stairs

Come on now....yeah....yeah...yeah yeah

You and me side by side walking through the room with
the bedroom light on

You make me feel so good....
