I thought this time I'd finally made it to the other side.
Ohh.
I thought that I finally found the future in another's eye
When she held me close, I felt at home there in her
arms
Something came between us like it always does.

And Here I go out on on my again
Like I've always done and I've always been
I wonder if I'm ever gonna find somebody to love me.

It's not like I want to be lonely for the rest of my life
But I gotta listen to my heart when it's telling me,
something ain't right
I don't wanna be hurt and I don't want to hurt anyone
God please give me the strength cause I know I must
be moving on

Here I go out on my own again, like I've always done
like I've always been
I wonder if im ever gonna find somebody to love me.

Crazy but its all I've ever known.
Being in love and being alone

And here I go out on my own again, like I've always
done like I've always been.
And I wonder if im ever gonna find somebody to love.

Here I go out on my own again, like I've always done
like I've always been.
Someday I'm sure I'm gonna find somebody to love
me.
