Winters weighing on your shoulders
It's hanging around a little too long
I can see it in your eyes
Your taking on a load that's just too strong
Ohh but let me get down to the heart of the matter
Baby if you want i can make it better now

When the sun is hard to find
When it's raining in your eyes
When the shadows block those
Pretty little blue skies livin inside you
When the fallin of your tears
Makes the candle disappear
When you just can't see the light
Baby i'll find a way to shine
Find a way to shine
Whoao

Everybody's gotta cross to carry
Everybody's got a story they can tell
You know you're not the only one
Counting on a quarter in a wishing well
Don't sit there with your heart under lock and key
Give me one chance baby i can set you free

When the sun is hard to find
When it's raining in your eyes
When the shadows block those
Pretty little blue skies livin inside you
When the fallin of your tears
Makes the candle disappear
When you just can't see the light
Baby i'll find a way to shine
Find a way to shine
Whoao

Sometimes in this life good luck don't shine
like it's spose to do
When there's no one you can trust
And you just keep givin up on you
Baby don't you know that i wont ever let you down
So come on now

Oh don't sit there with your heart under lock and key
Just give me one chance and, baby i can set you free

When the sun is hard to find
When it's raining in your eyes
When the shadows block those
Pretty little blue skies livin inside you
When the fallin of your tears
Makes the candle disappear
And you just can't see the light
Baby i'll find a way to shine
Find a way to shine
Whoao
I'll find a way to shine
Find a way to shine
Whoao
You know I'll find a way
Yeah I'll find a way, I'll find a way

Whoao
I'll find a way to shine
