It's getting to the point
We're not even listening anymore
We're going around and around in circles
Wearing holes in the floor
And I'm tired and I know you're tired
And it's late, yeah it's almost four.
And what're we tryin' to achieve baby
What are we tryin' to win.
I said the same thing three hours ago
And I'm sayin' it again.
I know you and I well enough to know
Neither one of us is giving in.

Baby I love you, I'm not going to bed angry
And baby I need and I want you to be happy.
We're going around in circles with no end in sight.
Maybe we should just shut out the lights
And wait till the morning.

Shut out the lights, wait till the morning.

Yeah...

It's amazing all the old wounds we still carry around
Wait to bring em all up when it all comes down.
Like it's coming down now.

Baby I love you, I'm not going to bed angry
And baby I need and I want you to be happy.
We're going around in circles with no end in sight.
Maybe we should just shut out the lights
And wait till the morning.
Shut out the lights and wait till the morning.

Cause I don't wanna lose you,
And I don't wanna hate you,
I don't want to feel like there's
Times that I'm gonna make you say
Things you don't mean in the heat
Of the moment.
In the heat of the moment.

Baby, I love you I'm not going to bed angry,
Baby, I need and I want you to be happy,
We've been going around in circles with no end in sight

Maybe we should just
Shut out the lights,
Wait till the morning
And turn out the lights,
Wait till the morning.
Shut out the lights
And wait till the morning

(Just give it some time
Just a little bit of time,
It's gonna be alright
In the morning light
Cause I need you)
