You've got your own way of lookin' at it baby  
I guess that proves that I got mine  
Seems like our hearts are set on automatic  
We say the first thing that comes to mind

It's just who we are  
Baby we've come too far to start over now  
I know what you're thinkin'  
I'm not always easy to be around

But I do love you  
You keep me believin' that you love me too  
And I know it's true  
This love drives us crazy but nobody's walkin' away  
So I guess we'll have to do it the hard way

If I had a genie in a bottle  
Three wishes, I could wish for us  
I wish we'd live forever and get along together  
Turn these tempers into trust  
Ohh ohh

'Cause I do love you  
You keep me believin' that you love me too  
And I know it's true  
This love drives us crazy but nobody's walkin' away  
So I guess we'll have to do it the hard way  
Do it the hard way

It's just who we are  
Baby we've come too far to start over now  
Believe me tonight love's the one thing in life  
We can't live without

And I do love you  
You keep me believin' that you love me too  
And I know it's true  
This love drives us crazy but nobody's walkin' away  
So I guess we'll have to do it the harder way  
Do it the hard way

Umm hmm

The hard way  
Ooo ooo ooo  
Hmm hmm
