(Keith Urban)

Oh girl you get to me
In a way I can't believe
I need you
And who knows where just friends ends
When your cross that line and love begins
In over my head and the water's turnin' blue

CHORUS
But what would I do
Without you
What would I do
Without you

Hearts never know the way
They want to go and want to stay
We need two
But in time you find the road
And though inside you know you've gotta go
The hardest part I find
Is you're all I ever knew

CHORUS

But what will I do
Without you
What will I do
Without you

I gotta break these habit chains I put on me
And be all that I can be, try and find
What I need
Memories suspend in time
All the days when you were mine
And the chance I took to move
One I thought I'd never do

CHORUS

But I made it through
Without you

I made it through
Without you

From what would I do
Without you
To I made it through
Without you, Without you

REPEAT TO FADE
