Everybody says that when it comes to friends
The truest kind are counted on one hand
But take a look around before you hit the ground
The only one you'll see will be this man

Chorus:

Yeah I'll catch you when you fall
'Cause I'm the one who loves you
You'll never wonder if I care I'll always be there
standing
Never losin' ground, I'm your best friend now
And I won't let you down

Yes, i've been a fool
But i've learned what not to do
Don't take for granted those who keep their faith in you
And if you lose your way on some rainy day
Just look above and i will be the sunshine breakin'
through

Repeat chorus:

Yeah I'll catch you when you fall
'Cause I'm the one who loves you
You'll never wonder if I care I'll always be there
standing
Never losin' ground, I'm your best friend now
And I won't let you down

And every step along the highway Of your life
I'll be the man standin' beside you, believe me that I will
Don't forget you came and you saved me
You saved my life

Repeat chorus:

Yeah I'll catch you when you fall
'Cause I'm the one who loves you
You'll never wonder if I care I'll always be there
standing
Never losin' ground, I'm your best friend now
And I won't let you down

And I won't let you

I will not let you
Yeah, i won't let you down
