The first time I looked in your eyes I knew
That I would do anything for you
The first time you touched my face I felt
What I never felt with anyone else
I wanna give back what you've given to me &
I wanna witness all of your dreams
Now that you've shown me
Who I really am
I wanna be more than just your man

I wanna be the wind that fills your sails &
Be the hand that lifts your veil
Be the moon that moves your tide
The sun comin up in your eyes
Be the wheel that never rusts
Be the spark that lights you up
All that you've been dreaming of & more
So much more
I wanna be your everything

When you wake up
I'll be the first thing you see &
When it gets dark
You can reach out to me
I'll cherish your words &
I'll finish your thoughts &
I'll be your compass baby
When you get lost

I wanna be the wind that fills your sails &
Be the hand that lifts your veil
Be the moon that moves your tide
The sun comin up in your eyes
Be the wheel that never rusts
Be the spark that lights you up
All that you've been dreaming of & more
So much more
I wanna be your everything

I'll be the wheel that never rusts
Be the spark that lights you up
All that you've been dreaming of & more

So much more
I wanna be your everything

I wanna be your everything
I wanna be your everything
