Car door slams, it's been a long day at work
I'm out on the freeway and I'm wondering if it's all
worth
The price that I pay, sometimes it doesn't seem fair
I pull into the drive and you're standing there
And you look at me
And give me that come-here-baby smile
It's all gonna be alright
You take my hand
You pull me close and you hold me tight

[Chorus:]

It's the sweet love that you give to me
That makes me believe we can make it through
anything
'Cause when it all comes down
And I'm feeling like I'll never last
I just lean on you 'cause baby
You're my better half

They say behind every man is a good woman
But I think that's a lie
'Cause when it comes to you I'd rather have you by my
side
You don't know how much I count you to help me
When I've given everything I got and I just feel like
giving in
And you look at me
And give me that come-here-baby smile
It's all gonna be alright
You take my hand
Yeah you pull me close and you hold me tight

[Chorus:]

It's the sweet love that you give to me
That makes me believe we can make it through
anything
'Cause when it all comes down
And I'm feeling like I'll never last
I just lean on you 'cause baby
You're my better half

Well, you take my hand
Yeah you pull me close and I understand

It's the sweet love that you give to me
That makes me believe that we can make it through
anything

Oh baby, it's the sweet love that you give to me
That makes me believe we can make it through
anything
'Cause when it all comes down
And I'm feeling like I'll never last
I just lean on you 'cause baby
You're my better half

Oh, oh baby you're my better half
Ooh, hey baby you're my better half
