Like Children  
Rarely seen and never heard  
Emotion  
Bare your soul you'll never learn  
But don't ask why  
And you won't get lied to  
Speak to her softly  
It's something you get used to  
Chorus  
You Think you know Her  
But you never really  
Lived a life without her  
Couldn't tell me  
The things she said  
The books she read  
The way she walked when the morning came  
The time of night that you held her tight  
But you'll never forget the day she'll ran away  
I found her all alone lost in a crowd  
Then she saw me  
I felt so much i Cryed aloud  
She turned away  
I couldn't speak to stop her  
The only sound i heard  
Was the echo of her laughter  
Chorus  
You Think you know Her  
But you never really  
Lived a life without her  
Couldn't tell me  
The things she said  
The books she read  
The way she walked when the morning came  
The time of night that you held her tight  
But you'll never forget the day she'll ran away  
Repeat Chorus  
The books she read  
The way she walked when the morning came  
The time of night that you held her tight  
But you'll never forget the day she'll ran away  
Repeat To Fade
