Morning comes and I'm alone

It's been a year since you've been gone

But it seems like yesterday, you said goodbye

I'm finding ways to pass the time, so I won't lose my  
mind

But my every waking hour I think of you.

That's just a day in the life of a fool

The one who's holding out for only you

Knowing all along your love for me is true

It's just a day in the life of a fool.

You would think I'd learn by now, to forget it all some  
how

But my favorite memories were made with you

So every moment that I have, I live them in the past

Even though there's no way back to where we were.

That's just a day in the life of a fool

The one who's holding out for only you

Knowing all along your love for me is true

It's just a day in the life of a fool.

It's just a day in the life of a fool...
