Woman you better get up and run while you can
Don't waste your sweet time loving me
Yes darling, to think that I'm your kind of man
There's a danger in love you can't see.

I've always been honky tonk crazy
I'm someone that's best left alone
'Cause when I get honky tonk crazy
I only feel right doing wrong.

--- Instrumental ---

I'll take and make you love smoky old bars
Cheap whiskey and sad country songs
There's nothing left of the lady you are
And then left you cryin' I'll be gone.

I've always been honky tonk crazy
I'm someone that's best left alone
'Cause when I get honky tonk crazy
I only feel right doing wrong.

'Cause when I get honky tonk crazy
I only feel right doing wrong...
