Well one thing led to another
That led to your taxi cab
I said take me to the airport
Man I was really mad
Angry words were spoken
Mostly out of spite
Now this second thought I'm havin'
Is the first thing I've done right

Turn this thing around
You must think I've lost my mind
But I really would be crazy
To leave her love behind

Temporarily insane
But I see so clearly now
So if you don't mind, take me back so I can't
Turn this thing around

Saw a little man sellin' roses
Just back a couple of blocks
I'll roll down the window
And buy all that he's got
And if you know a shortcut
Or run a light or two
When you pull in my driveway
There's a twenty just for you

Turn this thing around
You must think I've lost my mind
But I really would be crazy
To leave her love behind

Temporarily insane
But I see so clearly now
So if you don't mind, take me back so I can't
Turn this thing around

Temporarily insane
But I see so clearly now
So if you don't mind, take me back so I can't

Turn this thing around

So if you don't mind, take me back so I can't
Turn this thing around
