Would you like to hear 'I love you' all the time?  
And if you couldn't turn around  
Without us touching you, would you mind  
You know there's something missin' 'round your waist  
Tell me, would these arms be in your way?

Would you mind another heart beating for you?  
Two ears that listen, you can talk to  
Kisses filled with feeling on your face  
Now tell me, would these arms be in your way?

Would you mind another heart beating for you?  
Two ears that listen, you can talk to  
Kisses filled with feeling on your face  
Darlin' tell me, would these arms be in your way  
Now tell me, would these arms be in your way?
