[Hook:]

I know that all of you can do it, push through it
All you gotta do is believe it
(Me Myself and I)
All I'm saying is take a chance
Make stand - so you can achieve it
(Me Myself and I)
I know that all of you can do it, push through it
All you gotta do is believe it
(Me Myself and I)
All I'm saying is take a chance
Make stand - so you can achieve it
(Me Myself and I)

[Verse 1:]

I know when I first started out, I was scared
'cause I didn't know what this was about
It kinda felt like the world was changing around me
And suddenly I got famous
Who woulda thought that I could be an idol?
Sharing dreams with kids calling me a role model?
(What a title)
Everybody treating me differently
But I'm still the same Ke-Ke from down the street

[Chorus:]

When I think of how far I've come
I wanna shout it out so turn up your volume
I wished upon a shooting star I
Believed my dreams and followed my heart
When I think about where I've been
I never woulda thought this be the life I'd live
So think of me as living proof
That anything could happen when you just believe in
you

I'm just a young kid, from the Chi
With a bag full of dreams that are bigger than life
I aint got no limits but the big blue sky
For Me, Myself and I
If you're a young kid, represent

It don't matter where you come from or where you been
So who's reaching for the sky?
Put your hands up high and say Me, Myself and I

[Verse 2:]

You gotta know that nothing is permanent
You gotta grow with every situation
There's a lesson to be learned
Every street you gotta turn
(Find out what's best for you)
Keep pressing on stay positive and you can't go wrong
Believe in you and soon everybody else will too
Take my word for it
If you just work for it
You'll keep shining as long as you're grinding

[Chorus:]

When I think of how far I've come
I wanna shout it out so turn up your volume
I wished upon a shooting star I
Believed my dreams and followed my heart
When I think about where I've been
I never woulda thought this be the life I'd live
