She go by the name of Keke Palmer
And I go by the name of Dark Child
And we don't really need to [Incomprehensible]
But this is how we're changin' up our style

They see me on the cover of a magazine
And when the player rolls on the big screen
So when I'm out they runnin' up to me
Like, hey girl, don't you remember me?

We used to hang together back in middle school
I'm thinkin', yeah, that's great but who are you?
They seem to ask the same questions every time
And I hook em' up, help em' out, bring em' 'round

You're tryin' to pretend
Like you really know me 'cause
You wanna get something from me
But I know what's up

You wanna friend me up
(Oh, oh oh, no)
You wanna friend me up
(I don't think so)

You wanna friend me up
(You, fake, don't front)
You wanna friend me up
(Oh, oh)
You wanna friend me up

You say you like my style, personality
And you wanna try and get to know more about me
I'm different from other girls, not like the rest
And if time was a star you would like to embrace

Then all of a sudden you'll start changin'
Rearrangin' how you are
And then you'll start doin' things so peculiar
Like people will use me 'cause I'm a star

You tryin' to pretend
Like you really know me 'cause
You wanna get something from me
But I know what's up

You wanna friend me up
(Oh, oh oh, no)
You wanna friend me up
(I don't think so)

You wanna friend me up
(You, fake, don't front)
You wanna friend me up
(Oh, oh)
You wanna friend me up

You wanna friend me up
(Oh, oh oh, no)
You wanna friend me up
(I don't think so)

You wanna friend me up
(You, fake, don't front)
You wanna friend me up
(Oh, oh)
You wanna friend me up

Don't pretend that you're my friend
'Cause I can see that you're tryin' to friend me up
Don't pretend that you're my friend
'Cause I can see that you're tryin' to friend me up

You tryin' to pretend
Like you really know me 'cause
You wanna get something from me
But I know what's up

You tryin' to pretend
Like you really know me 'cause
You wanna get something from me
But I know what's up

You tryin' to pretend
Like you really know me 'cause
You wanna get something from me
But I know what's up

You wanna friend me up
(Oh, oh oh, no)
You wanna friend me up
(I don't think so)

You wanna friend me up
(You, fake, don't front)
You wanna friend me up
(Oh, oh)
You wanna friend me up

You wanna friend me up
(Oh, oh oh, no)
You wanna friend me up
(I don't think so)

You wanna friend me up
(You, fake, don't front)
You wanna friend me up
(Oh, oh)
You wanna friend me up

You, you, you, you wanna friend me up
You, you, you, you wanna friend me up
You, you, you, you wanna friend me up
You, you, you, you wanna friend me up
