"Hard To Breath"

Feel the adrenaline, my hearts beating
I need a doctor cause, I'm getting sick of love,
I'm running short of breath... with, every step,
In need of oxygen, to run away from this
I faced the demons that, took me to hell back
I'm getting heart attacks, took me a heart attack,
I'm counting on you cause I need you here to save me
If my heart fails...

[Chorus:]

How am I supposed to breathe (breathe)
When all my heart does is bleed (bleed)
You're too stupid to see (see)
your making hard for me (so hard to breath)
How am I suppose to breathe (breathe)
When your too stupid to see (see)
what your doing to me (me)
You're making it hard to breathe (so hard for me)
You're making it hard to breathe...

(It isnt that hard to see)

My chest is caving in, someone, help me
I need some life support, can't take this anymore
Loving with caution cause my hearts, so week,
I've been a victim of love, and you're the criminal
I counted on you but you refused to save me,
If my heart fails...

[Chorus:]

How am I supposed to breathe (breathe)
When all my heart does is bleed (bleed)
You're too stupid to see (see)
your making hard for me (so hard to breath)
How am I suppose to breathe (breathe)
When your too stupid to see (see)
what your doing to me (me)
You're making it hard to breathe (so hard for me)
You're making it hard to breathe...

It isn't that hard to see,
Love is blind but I can see,
the place for you and me,
I can't go on without you, baby,

[Chorus: x2]

How am I supposed to breathe (breathe)
When all my heart does is bleed (bleed)
You're too stupid to see (see)
your making hard for me (so hard to breath)
How am I suppose to breathe (breathe)
When your too stupid to see (see)
what your doing to me (me)
You're making it hard to breathe (so hard for me)
You're making it hard to breathe..
