It's here
The time of year
We get to celebrate
All together once again
And it doesn't matter
How far wherever we are
We always find a way
To all the family
And the friends

I'm gonna be home
For the holidays
To the place I know
It's my heart and soul
I'm coming home
And I can't wait
Yeah
I'm gonna be home
For the holidays

Yeah
My hometown
My friends around
It's what I
Really missed
Yeah
And all the good times
That we shared
And even though I know
I've been gone
For way too long
Coming back
Is the best ummm
I'm getting close
I'm almost there

I'm gonna be home
For the holidays
To the place I know
It's my heart and soul
I'm coming home
And I can't wait

Yeah
I'm gonna be home
For the holidays

To the place
That I remember
Always and forever
In my heart
We can celebrate
From November
To December
Yes, I'm gonna be home
I'm gonna be
Yea, I'm gonna be home
For the year
Yea, I'm gonna be home
I'm gonna be there
Soon as

I'm gonna be home
For the holidays
To the place I know
It's my heart and soul
I'm coming home
And I can't wait
Yeah
I'm gonna be home
For the holidays
I'm gonna be home
For the holidays
Just where I belong
And I've been gone
To long
I'm coming home
And I can't wait
Yeah
I'm gonna be home
For the holidays
Yea
I'm gonna be
I'm gonna be
Yea
I'm gonna be home
For the holidays
