oooooooooh(x2)oh
why's it always gotta be this way
i'm seein shadows on the things you say
we'll never make it on sayin we'll change
same stories acted differently
i give up and i won't lie
im sittin lookin at the time
didn't want you to leave but you had to go
too bad the pain doesn't follow

[Incomprehensible] i can't sleep at night
knowin that you and i ain't right i can't
i can't sleep at night it don't matter who's right
just need you by my side
and i can't sleep at night knowin that you and i are not
right
cause when its all over you're what my heart's beatin
for

Whats a fight if we never break through
what's trust if we never be true
wonder if you'll ever feel like i do
do you toss and turn thinkin of me too
i give up and i won't lie
im sittin lookin at the time
didn't want you to leave but you had to go
too bad the pain doesn't follow

[Incomprehensible] i can't sleep at night
knowin that you and i ain't right i can't
i can't sleep at night it don't matter who's right
just need you by my side
and i can't sleep at night knowin that you and i are not
right
cause when its all over you're what my heart's beatin
for

[Incomprehensible]

i can't sleep at night
knowin that you and i ain't right i can't
i can't sleep at night it don't matter who's right

just need you by my side
and i can't sleep at night knowin that you and i are not
right
cause when its all over you're what my heart's beatin
for
