You hear the sound
Young yanni
Young girl

You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You don't love me, you don't love me boy

You gotta show me that you're here
L-l-l-love me again
You gon love me boys, you gon love me man
Love me again, show me an in
You gon love me boy boy boy

Got me here waiting for you
What could be more important
You should be loving me
Instead you do the opposite
Let me know if you ain't gonna
Cuz I know plenty guys who wanna
Give me just what I need and give in to my wishes uh

So where we at? tell me where you at
You don't know my cause, what's up with that?
You push my buttons to see how I react
But what I got? you don't love me, love me not

You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You don't love me, you don't love me boy

You gotta show me that you're here
L-l-l-love me again
You gon love me boys, you gon love me man
Love me again, show me an in
You gon love me boy boy boy

By now you know it's over
Might as well call the coroner

How does it feel to know you had it and you lost it all?
Hey will you play me second?
When I gave you the best stuff?
Got slow tired of you
Taking me for granted ah ah

So where we at? tell me where you at
You don't know my cause, what's up with that?
You push my buttons to see how I react
But what I got? you don't love me, love me not

You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You don't love me, you don't love me boy

You gotta show me that you're here
L-l-l-love me again
You gon love me boys, you gon love me man
Love me again, show me an in
You gon love me boy boy boy

Take it, wasn't gonna take it
Now you're going crazy
Crazy, got em going crazy
I don't know no baby
Thought I wouldn't make it
Now you're going crazy
Living without my love

So where we at? tell me where you at
You don't know my cause, what's up with that?
You push my buttons to see how I react
But what I got? you don't love me, love me not

You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You gon love me boy, you gon love me now
You don't love me, you don't love me boy

You gotta show me that you're here
L-l-l-love me again
You gon love me boys, you gon love me man
Love me again, show me an in
You gon love me boy boy boy
