Verse 1:

Lookin around all of this time i thought
you'd hold me down
where are you now?
before you say it you can count me out

Pre-Chorus:

Baby im a fool to fall fall fall
upon but the shame will be on you
trust trust trust I'm gone

Chorus:

Put the world against me
I'm not scared to walk alone
lets agree to disagree sometimes you gotta walk alone
no i won't let you change me into something that
something that ain't me
no baby before i let you take me
down an empty road i'd rather walk alone

I'd rather walk alone
I'd rather walk

Verse 2:

Did you hear the sound
the sound of my breaking heart
when it hit the ground
nowhere to be found
silences never ever seem so loud

Pre-Chorus:

Baby im a fool to fall fall fall
upon but the shame will be on you
trust trust trust I'm gone

Chorus:

Put the world against me
I'm not scared to walk alone
lets agree to disagree sometimes you gotta walk alone
no i won't let you change me into something that
something that ain't me
no baby before i let you take me

down an empty road i'd rather walk alone

Bridge:

I know you thought know you thought
thought you had me trapped
trapped in the corner no never comin back
well im just gettin started what you think about
I'm just gettin started never gon' stop (x2)

Chorus:

(Put the world against!)Put the world against me(woah-
oh)
I'm not scared to walk alone (I'm not scared to walk
alone)
lets agree to disagree(yeah yeah) sometimes you
gotta walk alone (you gotta walk alone!)
no i won't let you change(yeah) me into something that
something that ain't me
no baby before i let you take me
down an empty road i'd rather walk alone

yeah yeah yeah oh
I'd rather walk alone
I'd rather walk
before i let you take me down an empty road
I'd rather walk alone
