[KeKe talking]

So you think you can just call me like this?

Naw. Not me.

Verse 1:

Oh really?

So you sitting at home, got bored and you called me up

You so silly, did you think that I'd be hangin round just waitin on you?

Pre-chorus 1:

But who are you kiddin?

Your girlfriend probably just dumped you.

So you went through your phone just to see who'd pick up

But it won't be me, no. (not gonna be the one you call)

Chorus:

Cause you missed out on a good one

Now you're feelin lonely (not gonna be the one you call)

I forgot all bout you, why you all on me? (Not gonna be the one you call)

You should really go back to her, cause right now you working my nerve

Cause I'm not gonna be, not, not gonna be the one you call

Verse 2:

So you don't listen?

Did you not get the hint, when I said I'm not interested

With me your times ran out

Don't you think you should give up now

Pre-chorus 2:

But who are you kiddin?

I know for a fact your girl dumped you

Heard you took it real hard

Kinda feel sorry for you

But it won't be me, sorry it won't be me (not gonna be the one you call)

Chorus:

Cause you missed out on a good one  
Now you're feelin lonely (not gonna be the one you call)  
I forgot all bout you, why you all on me? (Not gonna be  
the one you call)  
You should really go back to her, cause right now you  
working my nerve  
Cause I'm not gonna be, not, not gonna be the one you  
call

Bridge:

Now I know it's hard to get over a break up  
But what gives you the right to think that I'm gonna wait  
up  
Don't you see that you're playin yourself  
Tryin to break a promise to somebody else  
So when you're feelin lonely next time  
Don't call me (not gonna be the one you call)

Chorus:

Cause you missed out on a good one  
And now you're feelin lonely (not gonna be the one you  
call)  
I forgot all bout you, why you all on me? (Not gonna be  
the one you call)  
You should really go back to her, cause right now you  
working my nerve  
Cause I'm not gonna be, not, not gonna be the one you  
call

Not gonna be the one you call [til fade out]
