Mission to break up a happy home like demolition,  
don't even listen

Keke Palmer (verse 1):

So baby... tell me... you don't care what they sayin'  
Boy you... know me... so they can just keep on hatin'  
We're the... only ones in this... love... no one can take  
this away from us

And I know we got the real thing(real thing)  
Cuz I feel it when you hold me... yeah  
So I wanna know...

Chorus:

What do they know bout love  
What do they... what do they know bout us(what do they know)  
And as much as they bring me up... the only thing that  
that they know is

I got you (baby)... Baby I got you... and you got me

Verse 2:

So baby... tell me... why they wanna mess this thing up  
Maybe... They be... hatin' cuz they wish they was us  
They can't... get between this love  
No one can take this away from us

Can you feel it when you hold me... yeah  
So I just gotta know...

What do they know bout love  
What do they... what do they know bout us (what do they know)  
And as much as they bring me up... the only thing that that they know is

They tryna sink our relationship, but we cruising on a coast to Costa Rica

Lucky that I found you, must of roll a seven... or eleven

Keke: Oooohoooh

{Chorus}

They don't know... They don't know (and you got me)
