Never had one, always wanted one good man
Just like every girl 'round the world wants a good man
So we hold on 'cause we know he's out there
Taking so long but I know he's out there

Seems like every man that talk to me
Didn't know nothing 'bout nothing
I don't mind being from the streets
But he gotta treat me like something
But now it's all good, everything's all good

I finally got me one
Found the special one
Thought I'd never find
Search my whole life for

Someone who needs me
As much as I need them
And someone who treats me
As good as I treat them

So I'm gon' keep this one
I'm telling you he dotes me
He loves me, ohh
Finally got me one

I be fussing, I be trippin' on this good man
But then I catch myself 'cause I know he is a good man
He don't fuss much but he boss up when he got to
I don't cost much but he buys up when he got to, yeah

Now every time my girls talk to me
I don't gotta worry 'bout nothing
I don't mind him being from the streets
'Cause he always treat me like something
And it's so good, everything's all good

I finally got me one
(Finally done got me one)
Found that special one
(Oh, so special, special)

Thought I'd never find
(Ohh)
Search my whole life for
(Life for)

Someone who needs me
(Needs me, yeah)
As much as I need them
(Need them)
And someone who treats me
As good as I treat them

So I'm gon' keep this one
I'm telling you he dotes me
He loves me
And, ohh

So now I
(I)
Won't
(Won't)
Have to search no more
(I ain't gonna search no more)

Baby, 'cause he
(He)
Is
(Yeah, yeah)
Everything I'm looking for
(Been looking for)

You know how to love me
You know how to lay it down
(Every time I need it)
It's a celebration, deep appreciation
Girl, let me tell you it's so good

I finally got me one
(Ohh, ohh, yeah)
Found the special one
(Got me one, got me one, got me one)

Thought I'd never find
(I'd never find)
Search my whole life for
(Search my whole life for)

Someone who needs me
(Yeah)
As much as I need them
(Yeah)

And someone who treats me
(Yeah)
As good as I treat them
(Yeah)

So I'm gon' keep this one
(Oh, I'm gonna keep this one)
I'm telling you he dotes me
(Dotes me)
