D-d-dance right now, dance right now, dance right now
Dance right now, come on dance right now
Stone gonna make you dance right now
He gonna make you dance right now
KeKe gonna make you dance right now
He gonna make you dance right now

Going to the salon, I've gotta get my hair done
Pedicure, manicure, everything I need and more
It's going down today, I can't wait to celebrate
Drive to the car wash, after that I'll drop my top

I can't wait, it's going down tonight
Time to play, everything's gonna be alright
Got my girls on the phone, I've been waitin' for so long
It's a party going on tonight

Time for a shopping spree, spending money just for
me
I don't need a man's pay, I can make my own way
Credit Card, bank account, [Incomprehensible] allowed
Thank God, it's Friday, doin' things my own way

I bought pink dress, I got my Fendi shoes
Gotta get my Prada bag, scent from the S-ca jag
Then turn me to Bally's, it get the facts away
Then get on my 2-way, my girls reply and say

I can't wait, it's going down tonight
Time to play, everything's gonna be alright
Got my girls on the phone, I've been waitin' for so long
It's a party going on tonight

I can't wait, it's going down tonight
Time to play, everything's gonna be alright
Got my girls on the phone, I've been waitin' for so long
It's a party going on tonight

Say, it's a party, a party, party, party
Party, party, party, a party, party, party
A party, party, party, a party, party, party

I can't wait, it's going down tonight
Time to play, everything's gonna be alright
Got my girls on the phone, I've been waitin' for so long
It's a party going on tonight

I can't wait, it's going down tonight
Time to play, everything's gonna be alright
Got my girls on the phone, I've been waitin' for so long
It's a party going on tonight

Party, party, party, a party, party, party
A party, party, party, a party, party, party
Party, party, party, a party, party, party
A party, party, party, a party, party, party

Say, it's a party, a party, party, party
Party, party, party, a party, party, party
A party, party, party, a party, party, party

Dance right now, dance right now
Dance right now, come on dance right now
Stone gonna make you dance right now
He gonna make you dance right now
KeKe gonna make you dance right now
He gonna make you dance right now
