Just picture I met you at baggage claim,
I can't believe that you're leaving me again,
Just when it started to sink in that you're really here with
me,
Time to go back to long distance,
And a clock doesn't move quick enough doesn't help
me much or my soul not a touch,
Why cant you stay, extend you trip just one more day,
I know it's messed up for me to say

(Chorus)

Hope that a storm keeps you here let it rain,
that for some reason you're late to your gate,
Baby I hope you miss your plane,
Pray that there's traffic when you're on your way
Every green light on the street turns to red,
Baby I hope you miss your plane

Your suitcase is packed and all ready to go,
I'll use my body like a baracade
just to keep you from going,
we'll stop to make love and give you a good reason to
be late,
And a clock doesn't move quick enough doesn't help
me much or my soul not a touch,
Why can't you stay, extend your trip just one day I know
it's messed up for me to say

(chorus)

Hope that a storm keeps you here let it rain,
that for some reason you're late to your gate,
Baby I hope you miss your plane,
Hope that the pilot don't show up today,
That for some reason our flights are delayed,
Baby I hope you miss your plane

I would never wish you bad luck baby but I hope
everything goes wrong today,
Road block and car trouble get you back here on the
double,
Please take the long way,

Why can't they let us just free so you could be here with
me,
It's too hard for me to see you leave,
At the end of the day I just want you to stay

(Chorus)
