Lonely, yeah, that's the word  
I leave my heart when I leave her  
The days go on forever, and the nights do, too  
One evenin' out on the road  
Half a world away from home  
I thought she was sleepin' when the call came through  
I said "Darlin', it's late; is everything okay?"  
Silence took over the room...

{Chorus}

'Till she said "I, I just love you. I don't know why; I just do...  
When are you comin' home?"  
I'm comin' home soon; and I just love you too...

Lonely lets me be  
For a while, she sets me free  
I close my eyes; and I dream of her  
She's lost in my arms; her head on my heart  
Then softly, she whispers the words...

{Chorus}

"I, I just love you. I don't know why; I just do...  
When are you comin' home?"  
I'm comin' home soon; and I just love you too...

{Bridge}

And I'll never stop bein' amazed  
How my four year-old girl knows exactly what to say...

{Chorus}

"I just love you. I don't know why; I just do...  
When are you comin' home?"  
I'm comin' home soon; and I, I just love you, too...  
I don't know why; I just do...
