Put down the cigarettes  
Don't take those sleepin' pills  
Stay up and talk to me  
Cause I wanna be with you

Nobody's callin me  
There's nowhere to be tonight  
So come in and lock the door  
Cause I wanna be with you

Love's never easy  
And I know I'm hard on you  
I think you realize you're hard on me too

So when the going's tough  
We can't put our weapons down  
Cause this love's strong enough to stay around  
They can't tear this fortress down

These people talk too much  
And I'm a conversation piece  
We can't let 'em split us up  
Cause I wanna be with you  
And I'm not a pay check  
And you're more than trailer trash  
And a power too big for us  
Has kept me here with you

Love's never easy  
And I know I'm hard on you  
And I think you realize you're hard on me too

So when the going's tough  
We can't put our weapons down  
Cause this love is strong enough to stay around  
They can't tear this fortress down

You know that talk is cheap  
I speak my heart in melody  
And I'll use this song to say  
That I want to be with you
